

# CD/DVDBluRay Disc Artwork Template

**SIZE 116 x 22**

We prefer files in their native format including  
all fonts as outlines and linked images.  
Please use this template to set up your artwork.  
**DO NOT** flatten the template with the disc art.  
**DO NOT** knock out the center hole.

There are very slight differences in disc sizes from one disc type  
to another so please allow for this in your design.
